

MediShield Gold Health Insurance Policy

Policy Document 2024

1. Coverage Overview

This MediShield Gold Policy provides comprehensive health insurance coverage for hospitalization, medical treatments, surgeries, and related expenses. The policy covers the insured member and eligible dependents as listed in the policy schedule.

2. Covered Medical Procedures

The following medical procedures and treatments are covered under this policy:

Category	Coverage	Sub-Limit
Hospitalization (ICD-10: A00-Z99)	100%	Up to Sum Insured
Surgical Procedures (CPT: 10000-69999)	100%	Up to Sum Insured
Diagnostic Tests (CPT: 70000-89999)	100%	Rs. 50,000 per year
Emergency Room Visits	100%	Rs. 25,000 per visit
ICU Charges	100%	Rs. 10,000 per day
Room Rent	100%	Rs. 5,000 per day
Pre-hospitalization (30 days)	100%	Included
Post-hospitalization (60 days)	100%	Included

3. Specific Disease Coverage

Cardiovascular Conditions (ICD-10: I00-I99)

Full coverage for heart-related conditions including myocardial infarction (I21), angina pectoris (I20), heart failure (I50), and cardiac arrhythmias (I49). Cardiac surgeries including CABG, angioplasty, and pacemaker implantation are covered.

Respiratory Conditions (ICD-10: J00-J99)

Coverage for pneumonia (J18), bronchitis (J20-J21), asthma (J45), and COPD (J44). Includes ventilator support and oxygen therapy during hospitalization.

Digestive System Conditions (ICD-10: K00-K95)

Coverage for appendicitis (K35-K37), cholecystitis (K81), gastric ulcers (K25-K28), and intestinal conditions requiring surgical intervention.

Orthopedic Conditions (ICD-10: M00-M99, S00-T98)

Coverage for fractures, joint replacements, spinal surgeries, and trauma care. Includes physiotherapy during hospitalization.

4. Exclusions

The following conditions and treatments are NOT covered under this policy:

- Cosmetic or aesthetic procedures unless medically necessary
- Self-inflicted injuries or injuries from hazardous activities
- Treatment for alcohol or drug abuse
- Dental treatments (unless due to accident)
- Vision correction surgery (LASIK, PRK)
- Infertility treatments and IVF procedures
- Experimental or unproven treatments
- War, terrorism, or nuclear-related injuries
- Alternative medicine (Ayurveda, Homeopathy) unless approved

5. Waiting Periods

Initial Waiting Period: 30 days from policy start date for all non-emergency claims.

Pre-existing Conditions: 48 months waiting period for conditions existing before policy inception.

Specific Conditions (24 months): Cataract, hernia, fistula, piles, sinusitis, joint replacement, kidney stones, gallbladder stones.

Maternity: 9 months waiting period for normal delivery, 12 months for C-section.

6. Claim Process

Cashless Claims: Available at network hospitals. Pre-authorization required for planned hospitalization. Show your health card at the hospital TPA desk.

Reimbursement Claims: Submit claim form within 15 days of discharge with original bills, discharge summary, and medical reports. Processing time: 7-14 working days.

Required Documents: Claim form, hospital bills (original), discharge summary, investigation reports, prescription copies, KYC documents.

7. Co-payment and Deductibles

Co-payment: Nil for policyholders below 60 years. 10% co-payment for policyholders aged 60-70 years. 20% co-payment for policyholders above 70 years.

Deductible: No deductible applies to this Gold policy variant.

Room Rent Capping: If actual room rent exceeds Rs. 5,000/day, proportionate deduction applies to all other charges.
